The Status of Telecommunications Competition in California 2nd Report

TABLE OF CONTENTS

1. Executive Summary

- 1.1 Key Findings in Wireline Voice Markets**
- 1.2 Key Findings in Wireless Voice Market**
- 1.3 Key Findings in Broadband Markets**
- 1.4 Key Regulatory Issues Impacting Telecommunications**

2. Introduction and Background

- 2.1 Purpose of Report**
- 2.2 Markets Studied**
- 2.3 Telecommunications Competitors**
- 2.4 Telecommunications Market Overview**
- 2.5 Customer Segments**

3. Telecommunications Competition

3.1 Voice Communications – Wireline Services

- 3.1.1 Local Competition: ILECs Continue to Control California's Wireline Market**
- 3.1.2 Local Competition: Majority of ILEC Customers are Residential While CLECs Serve More Business Customers**
- 3.1.3 Local Wireline Market: ILECs Continue to Earn Vast Majority of Revenues**
- 3.1.4 Local Toll Market: CLECs Increase Market Share, Yet ILECs Still Hold Dominant Share**
- 3.1.5 Long Distance Market: Market Share Concentrated Among a Few Carriers**
- 3.1.6 Wireline Markets Compared: ILECs Continue to Earn Vast Majority of Local Revenues, While CLECs/IECs Gain Ground in Local Toll Market**
- 3.1.7 Wireline Markets Compared: SBC Versus CLECs Shows SBC Exceeding CLECs in Market Share**

3.2 Voice Communications – Wireless Services

- 3.2.1 Wireless Industry: Top 5 Wireless Carriers Continue to Lead in California**
- 3.2.2 Wireless Industry: Top 5 Gain Another 6 Percent of Market**
- 3.2.3 Wireless Industry: Top 5 Market Share Similarly Distributed Across Years**
- 3.2.4 Wireless Industry: Small Wireless Companies**

3.3 Cross-Sector Comparison: Wireless vs. Wireline Industries

- 3.3.1 Wireless Industry Growing Faster Than Wireline**
- 3.3.2 Fewer Carriers Remitting Surcharges**
- 3.3.3 Continued Growth of Billable Revenues**
- 3.3.4 Increase in Wireless Assigned Numbers, Decline in Wireline**

3.4 Broadband Communications - Digital Subscriber Line Service

- 3.4.1 ILECs and Affiliates Dominate DSL Market in California**
- 3.4.2 DSL Has Reached 10 Percent of Potential Market in California**
- 3.4.3 DSL Market Further Evaluated: Retail Residential Market Comprises Majority; ILECs and Affiliates Dominate in Terms of Revenues**

3.5 Broadband Communications – Cable Modem

- 3.5.1 Cable Modem Subscribership Continues to Grow By At Least 20 Percent Every Six Months**

3.6 Cross-Sector Comparison: DSL Continues to Outpace Cable Modem in California, Nationally Cable Modem Ahead of DSL

3.7 Emerging Communications

- 3.7.1 Wireless Broadband: Limited Information and Deployment**
- 3.7.2 Internet Protocol Technologies**

4. Regulatory Issues Impacting Telecommunications

- 4.1 SBC Commences Long Distance Service in California**
- 4.2 SBC's Performance Incentive Plan: To Assure That CLEC Customers Receive the Same Service as ILEC Customers**
- 4.3 Unbundled Network Element Pricing and Policies: Contentious Issues Under Review**
 - 4.3.1 SBC and Verizon UNE Proceedings**
 - 4.3.2 The FCC Triennial Review**
- 4.4 Local Number Portability: Of Growing Importance to CLEC Market Share**
 - 4.4.1 Switching Phone Numbers: A Barrier to Competition**
 - 4.4.2 Number Porting Activity Down from Last Year**
- 4.5 Wireless Number Portability: Critical to Competition and Consumer Choice**
- 4.6 California Telecommunications Consumer Bill of Rights**
 - 4.6.1 A Stronger Role for the CPUC in Consumer Protection**
 - 4.6.2 Landmark Bill of Rights for California Developed by the CPUC**
- 4.7 Quality of Service**
 - 4.7.1 Wireline Complaints: Almost 113,000 in 5 Years, Billing Complaints Account for Half**
 - 4.7.2 Wireless Complaints: Over 31,000 in 5 Years**
 - 4.7.3 DSL Complaints: Over 4,900 in 5 Years**
 - 4.7.4 CPUC Opens Docket to Address Service Quality Standards**
- 4.8 Competition in Small LEC Areas**
- 4.9 Federal Proceedings Impacting Broadband Competition**
 - 4.9.1 Triennial UNE Proposed Rule**
 - 4.9.2 ILEC Broadband Proposed Rule**
 - 4.9.3 Broadband Proposed Rule**
 - 4.9.4 Internet over Cable Proposed Rule**
- 4.10 State Regulatory Proceedings Impacting Competition**
 - 4.10.1 ASI/Pacific Bell 851 Asset Transfer**
 - 4.10.2 Broadband as a Basic Service**
 - 4.10.3 Proposed Legislation**
 - 4.10.4 Legal Activities**
 - 4.10.5 Competition Report**
